## EDUCATION

### PIET | B.tech - IT

Parul Institute of Engineering and Technology, **with Honours in Information Technology.**

CGPA: 6.38

EXPECTED MAY 2025 | VADODRA, GUJRAT, INDIA

### Dream International School

Science | 12<sup>th</sup> | ( GHSEB )

May - 2021 | Dhoraji, Gujrat

Percentage: 77.16 %

### Parishram School Bhanvad

10<sup>th</sup> | ( GSEB )

March - 2019 | Bhanvad, Gujrat

Percentage: 82.83 %

## SKILLS

- C++ | C | Python | Dart
- Flutter Development
- HTML | CSS | Java Script
- Firebase | My SQL | MongoDB
- Windows | Linux

## TOOLS

- Git | GitHub
- VS Code | Android Studio
- Figma | Various AI Chatbots

## PROFILE LINKS

- My Portfolio: Live ( Deployed )

## HOBBIES

- Trading ( Stock Market )
- Playing Sports ( Cricket )
- Garba ( Gujrat's Folk Dance )

## PROJECTS

### CHESS-GAME | Flutter Application [\(click me\)](#)

- Developed a fully functional chess game using **Flutter for cross-platform support (iOS, Android, and web).**
- Implemented **core chess logic, piece movement, check/checkmate validation, and move legality.**
- Followed **clean architecture** principles to ensure **code modularity, maintainability, and scalability.**

### TRADING\_WITH\_API | python (only backend) [\(click me\)](#)

- Trading\_with\_api is a **backend-only stock trading system** using **Python**, designed to automate trading through a **real stock broker API.**
- Implemented **user authentication** using **OAuth 2.0** authorization, **token-based login**, and session management with trading API.
- **Key Features** : retrieving **user profile account details**, verifying user authentication status, **orders placing**, modifying, and canceling, retrieving order details, **tracking order statuses, profit and loss information**, retrieving **historical prices, trading volumes, real-time market quotes**, current bid and ask prices, **last traded price**, accessed **sector performance, and overall market trends**, retrieved **detailed option chain data** and much more information.
- **Implemented error handling** to manage **API failures and log issues** for reliable operation.

### PU\_RESOURCES | Flutter Application [\(click me\)](#)

- Pu\_resources is a cross-platform mobile application **built with Flutter** and Implemented **optimal user experience** across different devices.
- Implemented **Firebase for efficient storage** and management of **semester-wise study materials** in videos and various **document format like pdf, ppt, word ext.** across various branches.
- Integrated **Google Authentication** for secure user access and **Firebase Firestore** for **real-time data updates.**

### E\_COMMERCE\_APP | Flutter Application [\(click me\)](#)

- Developed a **food delivery mobile app** using **Flutter** with a responsive and user-friendly UI.
- Integrated **Firebase as the backend** for real-time **data storage** and **user authentication.**
- Implemented **state management using GetX** for efficient handling of app state and navigation.

## EXPERIENCE & TRAINING

### PIET | Skill oriented Certificate program (April 2023)

- Mobile Applications Development using JAVA and FLUTTER. [\(Certificate\)](#)
